LEGENDARY INNS OF NEWPORT LAUNCHES WEB VIDEO TOURS: TOP NEWPORT RI BED & BREAKFASTS, LUXURY INNS FEATURED

Newport, Rhode Island –January 31, 2010 – The Legendary Inns of Newport has launched a new series of web video inn tours of its luxury Newport RI bed and breakfasts, designed to give travelers a first-hand view of the unique style and styling for which the group is known.

The web video series debuts with the group's flagship Newport, RI bed and breakfast Cliffside Inn. From Cliffside's tranquil perch above the Atlantic Ocean and Newport's Cliff Walk, to the acclaimed afternoon tea (named one of the 20 best in America), and some of the inn's most well-known and popular rooms, to the artwork of Beatrice Turner, the famous artist who lived and painted there, the behind-the-scenes video tour is led by co-owner and General Manager Winthrop Baker.

"This is the YouTube web video era after all. We thought we'd dial it up a notch or two for inn goers with all-access tours," said GM Winthrop Baker. "When you're known for doing deluxe bed and breakfast inns, with uniquely designed guest quarters and services, in such a rich destination as Newport, Rhode Island, with all its history and heritage, what better way than video to bring the entire Legendary Newport experience to life."

The Newport video inn tours are prominently featured on the Legendary Inns of Newport, as well as the individual inn websites.

Built in 1876, Cliffside Inn is a grand Victorian manor house that features 16 individually appointed guest quarters, all with fireplaces, and most with whirlpools or steam baths. Located near Newport's biggest beach and the famous Newport mansions, Cliffside Inn is Rhode Island's first bed and breakfast inn to be awarded the prestigious AAA Four Diamond award.

The second web video tour in the series spotlights Adele Turner Inn, the group's in-town bed and breakfast, located on Newport's Historic Hill, amid two and three-century old homes.

In addition to its convenient in-town location, the video tour explores the Adele Turner's unique wine tasting events that feature southern New England's best wineries (which are centered in the Newport region), plus some of the inn's most popular rooms, including the Harborview Spa guest quarter, with its private rooftop deck, year-round hot tub, and panoramic views of Newport Harbor and beyond.
